

SITEST

Nursery testing instruments for Water - Soil - Air

(3994) ECScanHigh
Rugged easy
to use Waterproof
Conductivity (EC) tester

(1403) pHScanWP2
Rugged Waterproof
pH tester with
LOW COST
replaceable pH sensor

(0346) EC calibration
solution

(3739) Low Cost and
Easy to replace pH /EC
sensors

MicroLogPlus - monitors conditions in your nursery via radio, from the comfort of your office.

Receive data of Air-Temperature, Relative Humidity, Soil -Temperature, pH and more from the greenhouse directly to your office PC for analysis and record keeping.

Real-time monitoring of conditions in your nursery-data is transmitted via radio from multiple datalogger locations from a distance of up to 400 meters.

The MicroLogPlus will even raise alarm when a breach has occurred. The system will generate an email message (and SMS if available) to alert you of the alarm condition.

Current and future sensors

- * Temperature-air
 - * Temperature-soil
 - * Relative Humidity-air
 - * Dew point
 - * pH
 - * Conductivity
 - * Open & close doors
 - * Light (TBA)
 - * Soil moisture (TBA)
- Other sensors are being added.
Please call for details.

New!

Up to 200 dataloggers transmit real-time Temperature, Relative Humidity (additional optional sensors are being introduced) data directly to your office PC from a distance of up to 400meters.

- 3453 SITEST PHSCAN WP1 TESTER
- 0322 SITEST TABLET BUFFER PH 7 (STRIP OF 10)
- 0355 SITEST TABLET BUFFER PH4 (STRIP OF 10)
- 3904 SITEST TD SCAN WP1 CONDUCTIVITY TESTER
- 3116 SITEST TD SCAN WP2 CONDUCTIVITY TESTER
- 3568 SITEST TD SCAN WP3 CONDUCTIVITY TESTER
- 4048 SITEST EC SCAN LOW WP CONDUCTIVITY TESTER

2068 BIRDLAND MOISTURE METER

2069 BIRDLAND P.H. METER

NYLEX "600" Rain Gauge

0984 NYLEX 600 RAIN GAUGE

Measures up to 150mm of rainfall (approx. 6")
Easy to read
Accurate

THERMOMETER

2067 BIRDLAND MAXIMA-MINIMA THERMOMETER

3868 GRO-MAX MEASURING CUP 100 ML

ROUND BOTTOM HIGHLY POLISHED ALUMINIUM SCOOPS

- 0677 20 X 10CM (8" X 4") 24 OZ
- 0678 23 X 12CM (9" X 4.75") 38 OZ
- 0679 26 X 14CM (10.25" X 5.5") 57.5 OZ

NYLEX "1000" Professional Rain Gauge

Professional Rain Gauge

Measures up to 250mm of rainfall (approx. 10")
Highly accurate

0985 NYLEX 1000 PROFESSIONAL RAIN GAUGE

0506 NO WAIT P.H. TEST KIT
0504 NO WAIT SOIL TEST KIT

1787 PROPAGATING THERMOMETER
2216 SOIL THERMOMETER

1448 MANUTEC SOIL pH TEST KIT
