SPRED-RITE G – GRANULAR SPREADER

Gravity-Flow Type Granule Spreader

FOR APPLYING
Herbicides, Fungicides, Insecticides,
Fertilisers, Lightweight Adjustable.

A gravity-flow type granular dispenser with adjustable swath-width from 2" to 3 feet. Application rate varied by 2 changeable orifice disks. Simply fill with granular pesticide or fertiliser and tilt down to let granules flow. Turn deflector to vary width of application swath. Made of heavy gauge plastics. Weighs about 6 pounds when full.

0420 SPRED-RITE G

FERTILISER DISPENSER

0703

Measures one level teaspoon each shot.
